You will need to have a copy of your exemption with you at the time of making the call, and be able to provide information about the area and time of the exempted activity, the vehicles and/or boats involved, the number of agents undertaking the exempted activity and other related issues. Exemption No. ME9902781.

9. The exemption holder must provide a report in writing detailing the outcomes of the research and the collection of organisms pursuant to this notice to the Director Fisheries and Aquaculture Policy, (G.P.O. Box 1625, Adelaide, S.A. 5001), within 3 months of the expiry of this notice, giving the following details:

- the date, soak time and location of collection;
- the number of nets used;
- the description of all species collected (fish, invertebrates, turtles);
- the number of each species collected; and
- any other information regarding size, breeding or anything deemed relevant or of interest that is able to be volunteered.

10. While engaged in the exempted activity, the exemption holder must be in possession of a copy of this notice. Such notice must be produced to a Fisheries Officer if requested.

11. The exemption holder must not contravene or fail to comply with the Fisheries Management Act 2007, or any regulations made under that Act, except where specifically exempted by this notice.

This notice does not purport to override the provisions or operation of any other Act including, but not limited to, the Marine Parks Act 2007. The exemption holder and his agents must comply with any relevant regulations, permits, requirements and directions from the Department of Environment, Water and Natural Resources when undertaking activities within a marine park.

Dated 27 July 2015.
