

# MID NORTH REGION - Potential for Beef & Sheep Feedlot

## POTENTIAL FOR FEEDLOT

- High potential
- Medium potential
- Low potential
- Negligible
- Mid North forest reserves
- Local government areas

The map highlights areas of broad scale future potential and provides a good indication of land capability. The analysis incorporates a large number of inputs, including landscape, land use, environmental constraints, water accessibility and the proximity to infrastructure. Note that it does not take into account land value and cannot solely be relied upon for investment without appropriate due diligence at specific property level.
