To: Lakes & Coorong licence holders not currently submitting electronic reporting of Pipi quota

Information on electronic reporting for Pipi Quota

Dear Licence holder

I write to provide an update on the implementation of electronic reporting for Pipi in the Lakes and Coorong Fishery to replace the current paper-based system for Catch Disposal Records (CDRs). This information relates to fishers who are currently not submitting their CDRs electronically.

A simple electronic catch reporting system has been developed for fishers which will now enable those fishers to electronically submit CDRs for Pipi quota. This will improve the integrity and reliability of the quota arrangements in the fishery and result in a more effective and efficient management of the Lakes and Coorong Fishery.

Fishers will now be able to report their catch by using the Commercial Fishing SA app. The app has been configured to report electronic catch and disposal records (eCDRs). In addition, fishers can access eCatch through the myPIRSA portal and report their catch directly into eCatch.

Particulars about eCDR reporting have been detailed within the 'Pipi Fishery – Electronic Reporting Reference Guide' which will be provided to all licence holders who currently are not using electronic reporting.

Fishers are to commence reporting electronically from 21 June 2023 and will be required to dual report their catch until advised (dual reporting requires fishers to report their catch using a paper-based CDR, as well as the new eCDR). This will allow for the monitoring of eCDRs to ensure the accuracy of their entries during the dual reporting period.

Fishers are to ensure when inputting details on their paper-based CDR, they hand write the electronic report reference (e.g. L49230630A) of their equivalent eCDR on the paper-based copy in the top right corner (see following image). This will allow for appropriate validation of submissions, as shown below.

Government
of South Australia
Primary Industries
and Regions SA

PIPI

CATCH AND DISPOSAL RECORD

L49230630A

CDR G 22100

(To be completed within 100 metres of departing the Southern Ocean beach)

Prior Report Reference Number

Licence No.
