

Citrus Growers Fund

2024-25 Annual Report

Introduction

The *Primary Industry Funding Schemes Act 1998* was established to provide South Australian primary industries with a legislative based ability to raise funds within their sector so they can favorably position themselves in the national and international marketplace.

Section 4 of the Act allows the Governor to make regulations establishing a fund for a particular sector of primary industry. All existing regulations are administered by the Minister for Primary Industries and Regional Development.

This is the Citrus Growers Fund Annual Report for the year ended 30 June 2025, prepared under section 11 of the Act.

Overview

The Citrus Growers Fund is established by the *Primary Industries Funding Schemes (Citrus Growers Fund) Regulations 2017*.

The contribution rates for this fund are outlined in regulation 5 and are as follows:

Contribution rate	\$1.00 per tonne
-------------------	------------------

Contributors may seek a refund of their contributions as provided for in regulation 6.

The purposes for which the fund can be applied by the Minister are outlined in regulation 7.

Payments from the fund may be made to a body that, in the opinion of the Minister, represents South Australia citrus growers.

Operation of the fund

Primary Industries and Regions SA manages the operations of the fund on behalf of the Minister.

The fund management plan current for the year ended 30 June 2025 was prepared in accordance with section 9 of the Act. The plan was presented at a public meeting held on 31 May 2024 and was publicly available on the PIRSA website. It is attached to this report.

One application was received from Citrus SA. This application met the requirements of the regulations and was approved by the Minister.

Where requested, refunds of contributions were paid in accordance with regulation 6.

In accordance with regulation 7(c), the fund was also applied to administration expenses.

The fund accounts for the year ended 30 June 2025 have been audited by Galpins. The audited financial statements and audit report are attached.

Introduction

The [Primary Industry Funding Schemes Act 1998](#) (the Act) was established to provide South Australian primary industries with a legislative instrument to raise funds within their sector to fund activities that support the sector.

Section 4 of the Act allows the Governor to make regulations to establish a fund for a particular primary industry sector.

The Minister for Primary Industries and Regional Development (the Minister) is the Administrator for all the funds, which ensures appropriate accountability for the application of funds for the benefit of those industries. Department of Primary Industries and Regions (PIRSA) manages the operations of the funds for the Minister. The Minister is required to report annually to Parliament on the operation of each fund and its accounts.

The Citrus Growers Fund (the fund) is established by the [Primary Industry Funding Schemes \(Citrus Growers Fund\) Regulations 2017](#) (the Regulations), which came into effect on 19 January 2018.

Contributions are payable at the rate prescribed in the Regulations, which is \$1.00 per tonne of citrus fruit. Contributions are payable by the citrus grower and are collected by the processor or packer as a deduction from the amount payable to the grower. Packers and processors are required to pay the contribution where they are also the grower. Growers who sell their citrus fruit direct are required to pay the contribution on their own behalf. Contributions are to be remitted by the close of each quarter.

Contributors may seek a refund of their contributions. If a refund is paid to a contributor, they are deemed to be *'in default'* and not entitled to receive direct benefits or services funded by payments from the fund.

Payments are made from the fund for purposes defined in Regulation 7.

This management plan is required by the Act and is the responsibility of the Minister as the person administering the fund. This management plan update has been developed in consultation with the South Australian citrus industry via Citrus SA. It covers a five-year period and will be revised by the Minister annually in consultation with industry members. The Minister may also update this plan at any time.

Estimate of contributions to the fund

The Regulations require growers/producers of citrus to contribute to the fund.

The contribution rate for this fund is set in Regulation 5(1)(a) and is \$1.00 per tonne of citrus.

The estimated contribution income for the most recent and the next five financial years is provided in Table 1 (below). Income estimates have been forecast based on the annual value of contributions to the fund over the previous six years, with the forecasted estimate for the current year consistent with industry forecasts.

Previously, income estimates were based on production estimates for the current season with the average annual contribution representing the projected contribution value for subsequent years.

Citrus Table 1 – Contribution Rates and Estimated Income					
	2024-25	2025-26	2026-27	2027-28	2028-29
Grower contribution rate per tonne (\$)	\$1.00	\$1.00	\$1.00	\$1.00	\$1.00
Estimated Production (tonne)	191,000	192,000	192,000	197,000	197,000
Estimated income (\$)	\$191,000	\$192,000	\$192,000	\$197,000	\$197,000

Collection agents are required to remit contributions to PIRSA on a quarterly basis.

Collection agents that only deal in small quantities may seek the approval of the Minister to transfer money less frequently.

Investment of the fund

PIRSA administers the financial operations of the fund on behalf of the Minister in accordance with the Regulations and the [Public Finance and Audit Act 1987](#).

Contributions are invested in an interest-bearing account in accordance with the Department of Treasury and Finance. Interest paid on monies held is treated as income to the fund consistent with the Regulations.

Purposes of the fund

Payments from the fund must be made in accordance with Regulation section 7:

7-Application of Fund

The Fund may be applied by the Minister for any of the following purposes:

- (a) payments to a body that, in the opinion of the Minister, represents citrus growers for 1 or more of the following purposes:
 - (i) the reasonable operating and management expenses of the body;
 - (ii) fees for affiliation of the body with regional, State or national citrus or horticulture industry bodies;
 - (iii) promoting the South Australian citrus industry, including through industry field days, conferences and other events;
 - (iv) the collection and dissemination to citrus growers of information relevant to the citrus industry;
 - (v) representation of citrus growers, or participation of the body, in regional, state or national citrus or horticulture industry forums;
 - (vi) programs designed to encourage communication and cooperation between citrus growers, citrus packers, citrus processors and persons marketing citrus fruit or citrus fruit products;

- (vii) other purposes of the body;
- (b) payments for other purposes for the benefit of citrus growers;
- (c) payment of the expenses of administering the Fund;
- (d) repayment of contributions to the Fund under regulation 6.

Funding guidelines

Eligible organisations

An applicant organisation may be considered to be eligible to receive a payment from the fund if that organisation is '*a body that, in the opinion of the Minister, represents (South Australian) citrus growers*' (Regulation 7(1)(a)).

Application process

Eligible organisations are invited to submit applications to the Minister in May each year. Under extenuating circumstances, the Minister may consider applications for funds at other times.

Eligible organisations are encouraged to liaise with the Responsible Officer in the development of any application.

The application should be in the form of a letter to the Minister which:

- confirms the organisation represents South Australian citrus growers
- requests a nominated payment from the fund
- attaches an operational plan, which includes for each activity:
 - a brief description of the activity and its intended outcome
 - alignment to a purpose outlined in Regulation 7(a)
 - the budgeted cost.

The proposed activities in the operational plan should so far as possible, align with the national citrus strategic objectives, and may extend over multiple years. Collaborative projects are encouraged. Payments from the fund may be used as industry co-contribution for other grant programs.

To be eligible for consideration, applicants must ensure that they have completed all reporting requirements of any previous agreement with the Minister.

Application approval

The Minister will assess applications in line with the Regulations and this management plan. This will include checking that the proposed activities comply with Regulation 7, verifying that the requested amount is within the Expenditure Authority for the Fund, alignment with industry priorities and best return on investment for Fund contributors. An applicant may be asked for additional information if required.

Approval for payment from the fund to the eligible organisation is deemed to be an agreement with the Minister that the eligible organisation will undertake the activities outlined in the operational plan and comply with any requirements in the Regulations and this management plan.

The successful applicant will be required to sign and return an acknowledgement of these conditions, provided with the letter of approval from the Minister, prior to payment being made.

Once approved the approved operational plan should be posted on the fund recipient's website, so that it is publicly available for contributors to view.

Amount Available for Payment

To ensure prudent management of the fund, industry agreed at the 2019 Citrus Growers Fund Public Meeting to always retain a minimum balance of \$100,000 to ensure appropriate moneys are available for refund requests.

The amount available for payment under Regulation 7 in any financial year will not exceed the available balance of the fund at the time, minus

- minimum balance of \$100,000
- annual allowance for refunds under Regulation 7(d)
- annual allowance for audit and administrative costs under Regulation 7(c)

Payments terms

Payments from the fund to the eligible organisation may be made in accordance with the schedule in Table 2. The amount of any payment will not exceed the available balance of the fund at the time (estimates in Table 1), minus an amount which is considered sufficient to cover audit and administrative costs plus an allowance for any refunds to contributors.

Table 2 – Payment Terms	
July	January
50%	50%

Reporting requirements

The fund recipient is to provide an annual report at the end of the financial year. The annual report should be aligned to the approved operational plan and should articulate activities undertaken and outcomes achieved. The annual report should also include a statement of acquittal to demonstrate that all moneys provided to the fund recipient were expended and/or committed. The report should also explain any deviations from the original submission, should this occur.

In addition to the above reports, the applicant organisation may be required to provide the following information under Regulation 9(1):

- a) a copy of the financial statements of the organisation and
- b) a copy of the annual report of the organisation and
- c) a copy of the business plan of the organisation and
- d) any other information reasonably required for the purposes of the fund.

Fund administration

Refunds

A citrus grower may, within a month following a financial year (July), make a claim for a refund in respect of contributions paid by the grower in the previous financial year (Regulation 6).

A person claiming a refund is declared to be '*in default*' of the Fund and is not entitled to receive direct benefits or services funded by payments from the Fund (Regulation 7).

In accordance with Regulation 8, a citrus grower that has been refunded, or has not paid all contributions payable to the Fund at any time in the preceding two financial years is deemed to be '*in default*'. They are then not entitled to receive benefits or services directly funded by payments from the Fund. The Minister may provide the fund recipient with information identifying citrus growers in default (Regulation 9(2)).

Changing the contribution rate

The contribution rate is established in the Regulations.

A change to the contribution rate may be initiated by the Minister or by industry but can only be made following consultation with the industry.

Acceptable evidence of support for a variation to the contribution rate includes results of any contributor survey held for the purpose and any other consultation conducted with industry. The evidence must demonstrate a genuine attempt to engage with the majority of contributors.

The new contribution rate will be implemented at the start of the financial year or another appropriate point in the production cycle. Sufficient notice will be provided to the industry of the new rate.

Updating the management plan

Section 9 of the Act requires that this management plan is updated annually; that industry is consulted when preparing the management plan; that the revised plan is presented at a public meeting at least once per year; that it is available for public inspection; and that it may be updated at any time.

The updated management plan will be presented at a public meeting, which will be advertised and facilitated by PIRSA, and can be attended by all fund contributors. The management plan will then be posted on the PIRSA website to meet the requirements of section 9 (7) of the Act, in a manner permitted by section 8(3) of the [Legislation Interpretation Act 2021](#), which provides for the 'inclusion of digital material'.

Revising the management plan (annual update routine)

Timing (estimate)	Activity
October/December	PIRSA update management plan for next financial year
January/ February	Consultation on revised management plan
February/March	Minister approves management plan
March/April	Advertise and hold public meeting to present management plan

INDEPENDENT AUDITOR'S REPORT

To the Minister for Primary Industries and Regional Development – Citrus Growers Fund

Report on the Audit of the Financial Report

We have audited the accompanying financial report of the Citrus Growers Fund (the Fund), which comprises the Statement of Financial Position as at 30 June 2025, the Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, notes comprising a summary of material accounting policies and other explanatory notes and the certification by the Chief Executive, Department of Primary Industries and Regions, signed for on behalf of the Minister for Primary Industries and Regional Development (the Minister) and the Chief Finance Officer, Department of Primary Industries and Regions.

Qualified Audit Opinion

In our opinion, except for the possible effect of the matter described in the 'Basis for qualified opinion' section of the report, the financial report gives a true and fair view of the financial position of the Citrus Growers Fund as at 30 June 2025, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Disclosures.

Basis for Qualified Audit Opinion

As referred to in note 3.1 to the financial statements, pursuant to regulation 5 of the *Primary Industry Funding Schemes (Citrus Growers Fund) Regulations 2017*, under the *Primary Industry Funding Schemes Act 1998*, contributions are required to be paid into the Fund for each tonne of citrus fruit produced and sold by a citrus grower. While there are adequate internal controls over contributions actually received, there are insufficient controls in place to ensure the contributions received represent the actual tonnage of citrus fruit produced and sold for the period. Consequently, we are unable to express an opinion on whether income recognised as contributions from industry of \$168,360 (\$204,396) is complete.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Minister and the Department of Primary Industries and Regions in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants (including independence standards)* (the Code) that are relevant to our audit of the financial report in Australia, and we have fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibility of the Minister and the Chief Executive for the Financial Report

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with the relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards – Simplified Disclosures and for such internal control that the Chief Executive determines is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Chief Executive is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting, unless the assessment indicates that it is not appropriate.

The Minister is responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive.
- Conclude on the appropriateness of the Chief Executive's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Minister for Primary Industries and Regional Development - Citrus Growers Fund

Notes to and forming part of the financial statements

for the year ended 30 June 2025

1. About the Citrus Growers Fund

The Citrus Growers Fund (the Fund) is established pursuant to the *Primary Industry Funding Schemes (Citrus Growers Fund) Regulations 2017* (Regulations), administered by the Minister for Primary Industries and Regional Development and is controlled by the Crown. The Department of Primary Industries and Regions (PIRSA) provides administrative support services to the Fund.

1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 11 of the *Primary Industry Funding Schemes Act 1998*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards applying simplified disclosures.

The financial statements are prepared based on a 12-month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

The Fund has applied Australian Accounting Standards that are applicable to not-for-profit entities, as the Fund is a not-for-profit entity.

The Fund is not subject to Income Tax. The Fund is liable for Goods and Services Tax (GST). GST collections and payments are carried out by PIRSA on behalf of the Fund. GST in relation to the Fund is reported in the PIRSA Administered Financial Statements.

1.2. Objectives of the Fund

The Fund was established by Regulations under the *Primary Industry Funding Schemes Act 1998*.

The primary purposes of the Fund are to:

- provide services to growers
- promote the SA citrus industry
- represent growers in regional, State or national citrus or horticulture industry forums
- encourage communication and cooperation between participants in the citrus industry.

2. Key management personnel

2.1. Key management personnel

Key management personnel of the Fund includes the Minister for Primary Industries and Regional Development who has responsibility for the strategic direction and management of the Fund.

The Minister's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via Department of Treasury and Finance) under section 6 of the *Parliamentary Remuneration Act 1990*.

Transactions with key management personnel and other related parties

There were no transactions with key management personnel and other related parties entered into by the Fund.

Minister for Primary Industries and Regional Development - Citrus Growers Fund
Notes to and forming part of the financial statements
For the year ended 30 June 2025

3. Income

3.1. Contributions from industry

Contributions payable to the Minister for payment into the Fund are made pursuant to *Regulation 5*.

Contributions are recognised as revenue when the Fund obtains control of the contributions or obtains the right to receive the contributions (that is, when information becomes available to the Fund regarding contributions due for the prescribed period).

3.2. Interest

The Fund's deposit account earns a floating interest rate based on daily bank deposit rates.

4. Expenses

4.1. Transfers to industry

	2025	2024
	\$	\$
Citrus South Australia	110 000	195 000
Total transfers to industry	110 000	195 000

Regulations provide that the Fund may be applied for a number of specific purposes and that payments from the Fund may be made to an industry body established to represent its membership. The amounts transferred enable projects and activities to be delivered by the industry to meet its management plan.

For transfers payable, the payments will be recognised as a liability and expense when the Fund has a present obligation to pay the transfer and the expense recognition criteria are met.

All payments from the Fund are made in accordance with the Fund's Regulations and the management plan developed in consultation with the industry.

4.2. Supplies and services

	2025	2024
	\$	\$
Administrative and operating costs ⁽¹⁾	3 553	3 579
Total supplies and services	3 553	3 579

⁽¹⁾ Includes fees for administration and preparation of the financial statements.

5. Financial assets

5.1. Cash and cash equivalents

Cash in the Statement of Financial Position comprises deposits at call with the Department of Treasury and Finance.

Minister for Primary Industries and Regional Development - Citrus Growers Fund
Notes to and forming part of the financial statements
For the year ended 30 June 2025

5.2. Receivables

	2025	2024
	\$	\$
Receivables – Contributions from industry	16 092	33 875
Accrued interest - Department of Treasury and Finance	731	984
Total receivables	16 823	34 859

Receivables – Contributions from industry are recognised as statutory receivables when information becomes available to the Fund regarding contributions due for the prescribed period.

6. Liabilities

6.1. Payables

	2025	2024
	\$	\$
Audit fee payable	7 500	7 300
Other payables	586	577
Total payables	8 086	7 877

Goods and services provided and unpaid at the end of the reporting period are recognised as other payables.

All payables are measured at their nominal amount, are unsecured and are normally settled within 30 days from the date of the invoice or date the invoice is first received.

7. Outlook

7.1. Contingent liabilities

The Fund has no known contingent liabilities.

7.2. Events after the reporting period

No events have occurred after balance date that are expected to materially affect the Fund in subsequent years.

8. Measurement and risk

8.1. Financial instruments

Liquidity risk

The Fund's revenue comes from contributions received from industry members at rates prescribed in the Regulations for the Fund. All payments from the Fund are made in accordance with the Fund's Regulations and the management plan developed in consultation with the industry.

The continued existence of the Fund in its present form, and with its present programs, is dependent on State Government policy and the industry's on-going support for the Fund.
