# AICC (SA) Trade Mission to Israel

## PARTICIPATION BY:

HON. TIM WHETSTONE MP  
MINISTER FOR PRIMARY INDUSTRIES AND  
REGIONAL DEVELOPMENT (SA)

&

MARK ALLISON  
CEO - ELDERS

Saturday 25<sup>th</sup> May – Saturday 1<sup>st</sup> June, 2019

## AICC SA TRADE DELEGATE LIST:

	<i>Delegates</i>	<i>Company</i>
1.	Hon. Tim Whetstone MP – <i>Minister</i>	<i>Minister for Primary Industries &amp; Regional Development (SA)</i>
2.	Mr. Scott Ashby – <i>Chief Executive</i>	<i>Primary Industries and Regions (SA)</i>
3.	Mr. Andrew Dunbar – <i>COO</i>	<i>Office of Chief Entrepreneur (SA)</i>
4.	Mr. Bradley Perry – <i>Ministerial Advisor</i>	<i>Agriculture, Food &amp; Food Technology (SA)</i>
5.	Mr. Greg Johansen – <i>Managing Director</i>	<i>AusHealth</i>
6.	Mr. Andrew Gwinnett – <i>President AICC SA</i>	<i>Australia Israel Chamber of Commerce South Australia</i>
7.	Ms. Rilka Warbanoff – <i>Executive Director AICC SA</i>	<i>Australia Israel Chamber of Commerce South Australia</i>
8.	Mr. Roger Sexton AM - <i>Chairman</i>	<i>Beston Global Food Company</i>
9.	Mr. Mark Allison – <i>Managing Director &amp; CEO</i>	<i>Elders</i>
10.	Ms. Robyn Clubb – <i>Non-Executive Director</i>	<i>Elders</i>
11.	Mr. James Cornish – <i>State Manager - Tasmania</i>	<i>Elders</i>
12.	Ms. Karen Reynolds - <i>Deputy Dean of Computer Science, Engineering and Mathematics</i>	<i>Flinders University</i>
13.	Ms. Callista Thillou – <i>Executive Director, Office of Communication &amp; Engagement</i>	<i>Flinders University</i>
14.	Mr. John Maher – <i>Group CEO</i>	<i>Indigenous Land and Sea Corporation</i>
15.	Mr. Bill Davidson – <i>Managing Director</i>	<i>John Shearer</i>
16.	Mr. Paul Flynn – <i>CEO</i>	<i>The Hospital Research Foundation</i>
17.	Mr. Stephen Rodda – <i>Executive Director, Innovation &amp; Commercial</i>	<i>University of Adelaide</i>
18.	Prof. Emily Hilder – <i>Director of South Australia's University Future Industries Institute</i>	<i>University of South Australia</i>
19.	Dr. Kerstin Holata Ph.D, MBA, GAICD – <i>Commercial Manager</i>	<i>University of South Australia Ventures</i>
20.	Prof. Peter Stevens – <i>Executive Director MBA &amp; Executive Education</i>	<i>University of South Australia</i>

## SATURDAY 25<sup>TH</sup> MAY

19:30

**Dinner**

@ London Restaurant, 111 Herbert Samuel Boulevard, Tel Aviv  
(03-523-5055)

## SUNDAY 26<sup>TH</sup> MAY

07:55

*Arrival to Israel Flight # CX675 & Transfer to Hilton Hotel*

- *Tim Whetstone – Minister SA, Minister for Primary Industries and Regional Development*
- *Bradley Perry – Ministerial Adviser for Agriculture, Food and Agriculture Technology*
- *Mark Allison – CEO, Elders*
- *Robyn Clubb – Non-Executive Director, Elders*

08:30

*Depart Hotel for Petah Tikvah*

## CONT'D SUNDAY 26<sup>TH</sup> MAY

09:00 – 11:00

**Rabin Medical Center & Felsenstein Medical Research Centre  
Prof. Avi Weizmann, Director**

[www.hospitals.clalit.co.il/rabin/en/Pages/default.aspx](http://www.hospitals.clalit.co.il/rabin/en/Pages/default.aspx)

The Felsenstein Medical Research Center (FMRC) is a distinguished and sophisticated institute for biomedical research in Israel. The FMRC, part of the Sackler Faculty of Medicine, Tel Aviv University, is situated in the large clinical complex of the Rabin Medical Center encompassing Beilinson General Hospital, Schneider Children's Medical Center and the Geha Psychiatric Hospital. This location offers unique opportunities for conducting basic research with direct clinical applications, reflected in the research areas being investigated by the scientists. Facilities include modern and efficient laboratories, experimental surgery units, an animal facility and state of the art scientific equipment. In addition, there is a library, seminar rooms and a 380-seat auditorium equipped with audio-visual systems for the live broadcasting of operations. The main research fields include molecular and cellular immunology, hemato-oncology, neuroscience and biological psychiatry, endocrinology, cardiology, genetics and virology.

@ 39 Ze'ev Jabotinsky St., Petah Tikvah

10:00 – 10:45

**1:1 Roger Sexton AO & Unispectral  
Eyal Cohen, VP of Business Development**

[www.unispectral.com](http://www.unispectral.com)

Unispectral is developing megapixel hyperspectral imaging. Using Unispectral's platform, users can capture high-resolution images that include spectral data for every object in the picture. The combination of computer vision and spectral analysis tools allows cameras to automatically identify objects and determine their chemical components from a distance.

@ Hotel Lobby

10:45

*Depart Hotel for Hod Hasharon*

- *Tim Whetstone – Minister SA, Minister for Primary Industries and Regional Development*
- *Bradley Perry – Ministerial Adviser for Agriculture, Food and Agriculture Technology*
- *Mark Allison – CEO, Elders*
- *Robyn Clubb – Non-Executive Director, Elders*
- *Roger Sexton AO, Beston Global Food Co.*

11:00

*Depart Petah Tikvah for Hod Hasharon*

11:30 – 12:30

**Opening Brief**

(Each Delegate introduces themselves and their mission objectives)

@ TIPA Offices, 3 Hanagar St., Hod Hasharon

## **CONT'D SUNDAY 26<sup>TH</sup> MAY**

12:30 – 13:30

**Start Up Nation Briefing (includes lunch)**

**GreenSoil Investments**

**Gideon Soesman, Founder**

[www.greensoilinvestments.com](http://www.greensoilinvestments.com)

GreenSoil Investments is an investment company, founded by Alan Greenberg and Gideon Soesman, with a portfolio of funds focused on investing in companies that create value by enabling smart and efficient resource utilization (energy, electricity, water, land) in the agriculture, food and real estate sectors. GreenSoil's first two funds leverage the highly successful Israeli venture capital ecosystem and know-how in the Agro & Food technologies sector and are – to date – the only Israeli funds focused entirely on this space. The Company has offices in Raanana (Israel), Toronto and Amsterdam.

@ TIPA Offices, 3 Hanagar St., Hod Hasharon

13:30 – 14:00

**TIPA Corp.**

**Daphna Nissenbaum, CEO**

[www.tipa-corp.com](http://www.tipa-corp.com)

Tipa provides biodegradable packaging for the industry, with products ranging from simple films to complex, multilayer products. The company's packaging is bio based and 100% compostable, with mechanical and shelf-life properties similar to those of ordinary plastic.

@ As above

14:00 – 14:30

**CropX**

**Tomer Tzach, CEO**

[www.cropx.com](http://www.cropx.com)

CropX is an agriculture analytics company that has developed an adaptive irrigation service, which automatically optimizes irrigation, thereby delivering an increase in crop yield as well as water and energy savings for farms. The company generates irrigation maps and automatically applies the right amount of water to different parts of the same field.

@ As above

14:30

*Depart Hod Hasharon for Beit Halevi*

## **CONT'D SUNDAY 26<sup>TH</sup> MAY**

15:00 – 16:30

**Roots**

**Sharon Devir, Founder**

[www.rootssat.com](http://www.rootssat.com)

Roots – Sustainable Agricultural Technologies Ltd addresses plant climate-management and irrigation issues. The company's two core technologies are root-zone temperature optimization, which significantly increases yield, improves quality, saves energy, and mitigates extreme heat and cold stress; and irrigation by condensation, which provides water for irrigation from the moisture in the air and soil. Roots leverages the principle of ground-source heat exchange by installing a closed-loop system of pipes and a circulation pump. The lower heat-charging component is placed at depth, and the upper heat-discharging device is located in the target crop's root zone.

@ 202 Moshav Beit Halevi

16:30

*Depart Beit Halevi for Tel Aviv*

17:30 – 19:00

**Arrive to Hotel & Free Time**

19:00

*Depart Hotel for Dinner*

@ Beit Panorama Bldg., Feincook, 84 Ben Zvi Road, Floor 6, Suite 633, Tel Aviv

19:30

**Dinner with Industry Guests**

❖ **Nuvocares**

**Noah Klien, Director of Business Development**

[www.nuvocares.com](http://www.nuvocares.com)

Nuvo is developing Invu, a remote maternal–fetal monitoring solution that connects parents with a network of care wherever the mother may be. Invu is built on a robust, patented platform that uses AI to provide real-time data analytics. A medical grade sensor band connects to Nuvo's cloud-based platform, offering comprehensive maternal and fetal data, including heartbeat and uterine contractions.

(Noah 054-620-4270)

@ Beit Panorama Bldg., Feincook, 84 Ben Zvi Road, Floor 6, Suite 633, Tel Aviv

❖ **Rootility**

**Limor Stoller, CEO**

[www.rootility.com](http://www.rootility.com)

Rootility develops and implements root-focused plant-breeding methods designed to increase crop yields and overall agronomic performance while preserving crop quality. Rootility's selection system improves plants' root traits, improving their access to water and nutrients and resulting in crop tolerance to abiotic stresses such as cold, heat, drought, and soil salinity.

@ Beit Panorama Bldg., Feincook, 84 Ben Zvi Road, Floor 6, Suite 633, Tel Aviv

Overnight Hilton Hotel, Tel Aviv

## **MONDAY 27<sup>TH</sup> MAY**

07:55 *Arrival to Israel Flight# CX675 & Transfer to Hilton Hotel*  
• *Karen Reynolds – Flinders University*

08:00 – 9:00 **Breakfast Meeting 1:1 Hon. Tim Whetstone & BioFeed**  
**Doron Afik, Chairman**

[www.biofeed.co.il](http://www.biofeed.co.il)

Biofeed develops technology designed to deal with one of the most pressing problems in fruit-producing countries: fruit fly infestation. Biofeed enhances green pest control through the slow release of lures to manipulate insect behavior. The company has patented its Slow Fluid Release (SFR) technology, a liquid mixture of lures and additives that may include food substances, feeding stimulants, and control or therapeutic agents. The SFR delivery system uses gravity as its energy source.

@ Hotel Lobby

08:30 – 09:30 **1:1 Roger Sexton AO & Consumer Physics**  
**Damien Goldring, CTO**

[www.consumerphysics.cm](http://www.consumerphysics.cm)

Consumer Physics is the developer of SCiO, a palm-sized molecular sensor that enables smartphone users to scan materials and get instant, relevant information. SCiO can analyze materials such as cosmetics, fabric, flora, soil, jewels and precious stones, leather, rubber, oils, plastics, and even human tissue or bodily fluids.

@ Hotel Lobby

09:00 *Group Depart Hotel for Rishon Letzyion*

09:30 – 10:30

**Volcani Center, ARO**

**Shmuel Assouline, Associate Director**

**Jacob Muslem, Head of R&D Technology Transfer**

[www.agri.gov.il/en/home/default.aspx/](http://www.agri.gov.il/en/home/default.aspx/)

Located at the Volcani Center campus in Bet-Dagan, near Tel-Aviv, ARO's six institutes are responsible for Plant Sciences, Animal Science, Plant Protection, Soil, Water and Environmental Sciences, Agricultural Engineering, and Postharvest and Food Sciences. ARO also operates four research stations, in various parts of the country, and serves as a testing center for agricultural produce and equipment. Israel's Gene Bank for Agricultural Crops is also located on the ARO Volcani Center campus.

@ 68 Hamaccabim St., 2<sup>nd</sup> Floor, Rishon Letzyion

10:30

*Walk by foot to the Ministry of Agriculture*

## **CONT'D MONDAY 27<sup>TH</sup> MAY**

11:00 – 12:30

**Ministry of Agriculture & Rural Development**

**Yaakov Poleg, Chief Scientist of Agriculture**

The agricultural research funds of the Ministry of Agriculture are designed to maximize the utilization of agricultural research and development (R&D) systems in Israel, thus making it possible to face the different challenges of agriculture in Israel and increase the benefit from its different fields. Apart from farmers, the main beneficiary of agricultural R&D is the wide public, which consumes high-quality agricultural produce in low prices all through the year. Moreover, also the national economy benefits from agricultural R&D, since it affects the Consumer Price Index.

@ Hamaccabim St., Rishon Letzyion

12:30

*Depart Rishon Letzyion for Ramat Hachayal*

13:00 – 14:30

**Avi Hasson, Partner - Emerge (includes lunch)**

[www.emerge.co.il](http://www.emerge.co.il)

Avi Hasson is Israel's former Chief Scientist and Prime Minister's Innovation and Tech Advisor. He was chairman of the investment committees approving annual investments of ~\$500 million in over 2000 Israeli tech companies. Formerly, Avi was General Partner at Gemini Israel Funds, one of Israel's top tier venture capital firms and spent nearly a decade in communications technology companies. Emerge is focused on early-stage companies that operate in diverse verticals powered by deep technology, transforming existing industries and creating new markets. Emerge is essentially a founders' fund. Its investors and advisers are founders of global technology companies, creating a strong network particularly in Asia. Emerge is now raising its second fund of \$80m.

@ Leonard Boutique Hotel, 17 HaBarzel St., Da Vinci Meeting Room Ramat Hachayal

Joined by WA AICC Delegation Led by: Premier Roger Cook MLA

## CONT'D MONDAY 27<sup>TH</sup> MAY

14:45 – 15:30

### **Suplant**

#### **Oded Rahav, Business Development**

SupPlant offers an online platform and smartphone application designed to collect real-time sensor data from farms and provide continuous, actionable feedback to farmers. SupPlant uses wirelessly transmitted data from sensors in the field that monitor the weather and soil, as well as from specialized plant sensors that measure stem diameter, leaf temperature, fruit size, and more. With these sensors, SupPlant can monitor plants to identify changes in growth rate, detect stress situations resulting from lack of irrigation, and compute actual and potential evapotranspiration (ET) to determine how much to irrigate.

@ TBA, Ramat Hachayal

15:30

*Depart Ramat Hachayal for Ramat Gan*

16:00 – 17:00

### **Trendlines**

#### **Barak Singer, VP Business Development**

[www.trendlines.com](http://www.trendlines.com)

Trendline invents, discovers, invests in, and incubates innovation-based medical and agricultural technologies. The group is involved in all aspects of its portfolio companies, from technology development to business building. The group invests principally through its incubators, which include two Israeli government-franchised incubators, Trendlines Medical and Trendlines Agtech; a Singapore incubator, Trendlines Medical Singapore; and its in-house innovation center, Trendlines Labs.

@ 4 Bezalel St., Ramat Gan

17:00

*Depart Trendlines for Hotel*

17:30 – 18:30

**Arrive to Hotel & Free Time**

18:30

*Depart Hotel for Dinner*

## **CONT'D MONDAY 27<sup>TH</sup> MAY**

19:00

### **Dinner with Industry Guests**

#### **❖ Evogene**

#### **Nir Zalik, Investor Relations**

[www.evogene.com](http://www.evogene.com)

Evogene is a biotechnology company developing products for life sciences markets through the use of a computational predictive biology (CPB) platform that incorporates deep scientific insights and advanced computational technologies. Evogene utilizes this platform to discover and develop ag-chemical, ag-biological, and ag-seed products (GM and non-GM). The platform is also used by three subsidiaries: AgPlenus, focused on the design and development of effective and safe agro-chemical products; Evofuel, focused on castor seeds; and Biomica, focused on human microbiome therapeutics.

#### **❖ BioHouse**

#### **Yarin Sinai, VP of Business Development**

[www.biohouse.co](http://www.biohouse.co)

BioHouse is a medical technology stakeholder community, with a network of spaces designed specifically for medical start-ups. The BioHouse's are located in medical centers, and the BioHouse community makes core facilities, infrastructure, and expertise available to its members. Members enjoy 24/7 access to the BioHouse's, which are fully furnished office spaces with supporting facilities such as WiFi, conference rooms, printing services, comfortable common areas, and kitchen and coffee stations.

@ Eatwith, 43 Lilieblum St., Tel Aviv

Overnight Hilton Hotel, Tel Aviv

## TUESDAY 28<sup>TH</sup> MAY

08:30

*Depart Hotel for Be'er Sheva*

### AGRI- TECH TRACK

10:00 – 12:00

**Ben Gurion University**  
**Prof. Jhonathan Eprath, French Associates**  
**Institute for Agriculture & Biotechnology of Drylands**

BGU is one of Israel's leading research universities and among the world leaders in many fields with 20,000 students and 4,000 faculty members. More than 100,000 alumni play important roles in all areas of research and development, industry, health care, the economy, society, culture and education in Israel.

@ BGU, Be'er Sheva

### MEDICAL TRACK

10:00 – 12:00

**Ben Gurion University – Sleep Apnea Unit**  
**Non-Contact Sensory Technology**  
**Prof. Aviv Goldbart, Head Department of Pediatrics**

**Prof. Emeritus Asher Tal, Former Head of Pediatrics (Soroka University Medical Center)**

BGU researchers have developed a new system to assess obstructive sleep apnea (OSA) severity and analyze sleep-wake activity that can be done while a patient is awake, using his or her smartphone. According to Dr. Yaniv Zigel, head of the Biomedical Signal Processing Research Lab, this technology is simpler to use than the current gold standard, overnight polysomnography (PSG), and significantly less expensive.

@ Faculty of Health Sciences, (M7), Room 113, Be'er Sheva

10:00 -12:00

**1:1 Roger Sexton & BGN Technologies**

**Adrian Stern, Inventor**

**Danny Shtaiar, Business Development**

BGN Technologies is the technology transfer company of Ben-Gurion University. Located in the heart of the University's Advanced Technologies Park, BGN Technologies is the driving force behind industry-academia collaborations, supporting the University's mission of cultivating a high-tech ecosystem within the Negev region. With a track-record of over 100 startup companies, as well as

partnerships in technology incubators and accelerators, BGN Technologies brings inventions from the labs to the market in the fields of hi-tech, biotechnology, materials, agriculture, and environment.  
@ BGU

- 12:00 *Depart Ben Gurion University for ANZAC Commonwealth War Graves*
- 12:30 – 13:45 **ANZAC Commonwealth War Memorial Tour & Wreath Laying**  
**Ishay Avital, Executive Director Int'l Relations**  
**Be'er Sheva Municipality (includes lunch)**  
The ANZACs fought here in both World Wars. The most famous battle was charged by the Australian Light Horse Brigade at Beersheba, making a turning point in the Sinai-Palestine campaign.  
@ 1 Hapalmach St., Be'er Sheva
- 13:45 *Depart Be'er Sheva for Kibbutz Hatzerim*

## **CONT'D TUESDAY 28<sup>TH</sup> MAY**

- 14:00 – 15:30 **Netafim**  
**Natan Barak, Head Of Commercial Divisions**  
[www.netafim.com](http://www.netafim.com)  
Netafim is the global leader in drip and micro-irrigation solutions for attaining to a sustainable future. At the intersection of water, food security, and arable land, drip irrigation enables growers to maximize food production with the lowest environment impact. Since introducing the world's first drip irrigation system in 1966, Netafim has led the way in developing reliable, simple, and affordable products that help customers achieve optimal and sustainable results.  
@ Kibbutz Hatzerim
- 15:30 *Depart Kibbutz Hatzerim for Tel Aviv*
- 17:00 – 19:00 **Arrive to Hotel & Free Time**
- 19:00 *Depart Tel Aviv for Herzliyah Pituach*
- 19:30 **Mission Reception Hosted by His Excellency Australian Ambassador**  
Ambassador Chris Cannan commenced as Australian Ambassador in June 2017. Chris is a senior career officer of the Australian Department of Foreign Affairs and Trade (DFAT). In his previous position, he had responsibility for Australia's aid investments in health, education and climate change funds, and for the UN 2030 Agenda for Sustainable Development. Chris's other senior roles in the DFAT have included Chief of Protocol and head of Staffing branch (responsible for the recruitment, training, deployment and welfare of Australia's foreign service officers). As head of the Environment Branch, Chris was DFAT's lead negotiator at the Rio+20 UN Conference on Sustainable Development. He has also worked on bilateral issues (South- East Asia and Europe); international security and arms control, public affairs; and financial management. Overseas, Chris has served at the Australian Permanent Mission in Vienna, the Australian Embassy in

Manila, and was Senior Civilian Monitor with the Australian Defence Force led Bougainville Peace Monitoring Group. From 2010 to 2011 he was head of donor relations at the Global Fund to Fight AIDS, Tuberculosis and Malaria in Geneva. Chris holds a Bachelor of Arts (Journalism) from the University of South Australia, a Bachelor of Arts (Hons) in Asian Studies from Flinders University and a Master of Arts (Foreign Affairs and Trade) from Monash University.  
@ 78 HaEshel St., Herzliyah Pituach

Overnight

Hilton Hotel, Tel Aviv

## **WEDNESDAY 29<sup>TH</sup> MAY**

08:30

*Depart Hotel for Haifa*

10:00 – 12:30

### **Rambam Medical Center & Rambam Sleep Disorder Unit & Tour of Underground Hospital**

[www.rambam.org.il](http://www.rambam.org.il)

Rambam Health Care Campus is a 1,000-bed academic governmental hospital serving the over 2 million residents of Northern Israel. Rambam is the tertiary referral center for 12 district hospitals and provides comprehensive medical services in all medical specialties. Committed to the entire spectrum of patient care, ranging from the best treatments and therapies, to the support of clinical research. Rambam is recognized as an excellent academic medical center, Joint Commission International (JCI) Accredited for Quality and Safety in Medicine. Rambam HCC encourages residents, young physicians, nurses, and other medical staff to become involved in research through several unique innovation programs administered by the Rambam Medtech Technology Transfer Office.

@ 8 Haliyah Hashinya St., Haifa

12:30

*Depart Rambam Medical Center for Haifa Life Sciences Park*

13:00 – 14:30

### **Mindup Accelerator (includes lunch)**

**Dan Shwarzman, CEO**

[www.mindup.co.il](http://www.mindup.co.il)

MindUP, Haifa's Digital Health Incubator, is a joint venture of Medtronic, IBM, Pitango Venture Capital, Impact 1st Investments and Rambam Medical Center, in collaboration with the Israeli Innovation Authority. MindUP aspires to be the leading hub of digital health innovation in Israel. It will translate disruptive technologies and cultivate new product concepts into leading Digital Health ventures, with the goal of transforming the delivery and quality of healthcare worldwide.

@ 1 Netiv Ha'Or St., Haifa Life Sciences Park, Haifa

14:30

*Depart Haifa for Megido*

## **CONT'D WEDNESDAY 29<sup>TH</sup> MAY**

15:30 – 16:30

**Tevatronic**  
**Oleg Korol, CEO**  
[www.tevatronic.net](http://www.tevatronic.net)

Tevatronic develops an autonomous irrigation system designed to identify how much water plants need and then stop the flow when it reaches a precise, predetermined depth. Its system promotes increased crop health and productivity while lowering the use of water and fertilizer, thus reducing soil contamination. At the heart of the Tevatronic system is the valve switch controller, which is connected to a cloud server. The valve switch receives data from sensors (tensiometers) placed in the ground near the plants. Each sensor on the irrigation line reads the water pressure level of the surrounding soil, and when the soil is dry, the controller sends a signal to the relevant irrigation valve to commence irrigation.

@ [Moshav Megido](#)

16:30

*Depart Megido for Tel Aviv*

17:30 – 19:00

**Arrive to Hotel & Free Time**

19:00

*Depart Hotel for Dinner*

19:30

*Arrival to Israel Flight# AF1120 & Transfer to Hilton Hotel*  
• *Andrew Gwinnett – President, AICC (SA)*

Overnight Hilton Hotel, Tel Aviv

## THURSDAY 30<sup>TH</sup> MAY

Morning *Check-out of the Hilton Hotel*

08:15 *Depart Hotel for Kibbutz Nahshonim*

09:00 – 10:00

**FreezeM**  
**Yuval Gilad, CEO & Co-Founder**

[www.freez-em.com](http://www.freez-em.com)

FreezeM offers a technology designed to improve the use of insects as a protein source for animal feed. Its products are designed to overcome a number of the limitations of using insects as a protein source, including cost, availability, and regulatory concerns. FreezeM develops methods for freezing fly eggs and condensing them in large quantities for easy defrosting on organic waste. Once defrosted, the eggs develop into larvae that eat the waste and rapidly increase their mass.

@ Kibbutz Nahshonim

10:00 *Depart Kibbutz Nahshonim for Jerusalem*

11:00 – 12:30

**Hadassah Medical Centre & Hadassit**

[www.hadassah-med.com](http://www.hadassah-med.com)

One of the largest Hospitals in the Middle East, Hadassah's physicians and scientists are actively engaged in a wide variety of extensive basic and clinical research projects, looking for new ways to treat current conditions. More than half of all hospital research conducted in Israel is conducted at Hadassah. Each department incorporates research units and the hospital houses many interdisciplinary research centers including- novel therapeutics, diagnostics and devices - has gained Hadassah global recognition.

@ Hadassah Medical Centre, Ein Kerem, Jerusalem

12:30

*Depart Ein Kerem for Abu Tor*

## **CONT'D THURSDAY 30<sup>TH</sup> MAY**

13:00 – 14:30

**OurCrowd (includes lunch)**

[www.ourcrowd.com](http://www.ourcrowd.com)

OurCrowd is a hybrid equity crowdfunding and venture capital company. It sources deals, performs due diligence, and opens investments to its members, leading every investment with its own money. OurCrowd takes an active role in the companies it finances, through board seats and a mentorship program that pairs start-ups with OurCrowd contacts from relevant industries. Members have discretion over which deals they participate in and how much they invest (minimum of \$10K).

@ 28 Hebron St., Jerusalem

14:30

*Depart Abu Tor for Hotel*

15:00

**Arrive to Orient Hotel & Check-in**

15:00 – 19:00

**Free Time**

19:00 *Depart Hotel for Dinner*

19:30 **Dinner**  
@ Darna Restaurant, 3 Yohanan Horkanos St., Jerusalem  
(053-942-4688)

Overnight Orient Hotel, Jerusalem

## **FRIDAY 31<sup>ST</sup> MAY**

08:00 *Meet Chamber Tour Guide Effi Yaacobi & Depart Hotel for Old City*

08:30 – 11:00 **Old City of Jerusalem**

Jerusalem is considered by many people to be the most holy city in the world. A long, rich history is connected to this city where events central to the traditions of each of the three monotheistic faiths — Judaism, Christianity, and Islam — are believed to have taken place. To the Jewish people it is home to the Western Wall which is considered the holiest Jewish site because of its proximity to the destroyed two ancient Temples, to the Christians it is where the crucifixion and the resurrection of Jesus took place, and to the Muslims it is where the prophet Muhammad ascended to heaven.

11:00 *Depart Old City for Yad Vashem*

11:30 – 14:00 **Yad VaShem Holocaust Memorial (includes lunch)**

Yad VaShem safeguards the memory of the past and imparts its meaning for future generations. Established in 1953 as the world centre for documentation, research, education and commemoration of the Holocaust, Yad VaShem is a dynamic and vital place of intergenerational and international encounter. For over half a century, Yad

VaShem has been committed to four pillars of remembrance: Commemoration, Documentation, and Research & Education.

14:00 *Depart Yad Vashem for Hotel*

14:30 – 18:30 **Arrive to Hotel & Free Time**

19:00 *Depart Hotel for The Great Synagogue*

19:30 **Shabbat Service – The Great Synagogue of Jerusalem**

The delegation will observe/participate in a service welcoming the Jewish Sabbath at the local Great Synagogue of Jerusalem. Shabbat is observed from a few minutes before sunset on Friday evening until the appearance of three stars in the sky on Saturday night. The Jerusalem Great Synagogue has a world-renowned Cantor and globally acclaimed choir and is one of the world's chief repositories for Jewish Ashkenazic liturgical music. It has been mandated to preserve the vast repertoire of the cantorial and choral chants of pre-war Europe while injecting the music of modern Israel. The Rosenbaum family Mezuzah Collection, housed in the lobby, is one of the world's largest collections, containing thousands of stunning historic and contemporary mezuzah covers collected over more than half a century.

20:30 **The Shabbat of a Lifetime**

Shabbat of a lifetime program offers an opportunity for incoming tourists of all backgrounds to experience an authentic Shabbat (Jewish Sabbath) at the home of a host family in the heart of Jerusalem.

@ Jerusalem

Overnight Orient Hotel, Jerusalem

## **SATURDAY 1<sup>ST</sup> JUNE**

08:30 – 09:30 **Trade Mission Debrief & Breakfast**

@ Orient Hotel, Jerusalem

08:30 *Meet Tour Guide Effi Yaacobi & Depart Hotel for Tourism*

### **Masada**

Most famous for the Stand of the Zealots over 2,000 years ago, Masada is located on top of a mountain with breath-taking views. The leaders of the Great Revolt against the Romans occupied Masada after the destruction of the Temple in Jerusalem (70 CE) and withstood the Roman siege. However, after a long struggle, the zealots chose death over slavery.

### **Dead Sea**

The Dead Sea, located at the lowest point on earth, is a one-of-a-kind body of water and is the saltiest and most mineral-laden in the world. It has its own unique micro-climate with an average of 330 full days of sunshine per year.

**END OF MISSION**

Overnight                      Orient Hotel, Jerusalem

### PURCHASE CARD – EXPENSE MANAGER SYSTEM

#### EMS MISSING SUPPLIER TAX INVOICE OR RECEIPT FORM

(A separate form is required for each missing tax invoice/receipt)

This form is utilised where:

1. There is no supporting documentation (tax invoice/receipt) for a valid purchase card transaction in the Expense Manager System (EMS).
2. All efforts to obtain a valid document (tax invoice/receipt) have been exhausted.

First four (4) and last four digits of the ANZ purchase card: [REDACTED]

Name of supplier/merchant: Taxi Epay Australia

Date of transaction: 24 / 5 / 2019

Description of purchase: (services/goods received) Taxi costs to Adelaide Airport - CE PIRSA

Details of the purchase: (If the purchase is entertainment related, details of the number of attendees and their relevant organization(s) must be included.)

Total purchase amount (including GST): \$AUD 53.81

Foreign Currency (if applicable) \_\_\_\_\_ Applicable exchange rate: \_\_\_\_\_

General Ledger account coding:

0	3	0	5	4	0	1	0	4	7	8	5	2

\$AUD	53	81
\$AUD		
\$AUD		
\$AUD		

Declaration by purchase cardholder:

1. I acknowledge receipt of the above mentioned goods and/or services
2. I certify;
  - a) The purchase was necessarily incurred on behalf of PIRSA for business operations
  - b) This payment has not and will not be claimed by any other means.
3. It is acknowledged that where a tax invoice/receipt is not provided to support the purchase card transaction, the relevant GST which cannot be claimed, will be charged against the applicable general ledger codes assigned to the transaction, by using the tax code TPND in EMS.
4. A tax invoice/receipt is not able to be provided because: (tick applicable)
  - the tax invoice/receipt has been lost
  - the goods/services are of a type where a tax invoice/receipt cannot reasonably be expected to be provided by the supplier
  - other reason (please specify). \_\_\_\_\_

Cardholder: SCOTT ASHBY
