- ☐ The shellfish are spat or juvenile oysters and will not be sold for human consumption for a minimum period of 60 days. They will be located in an area that can be identified.
- ☐ The oysters will be sold within a lesser period but I have processes in place to identify the site as a relay site, the shellfish including all batches moved will be identifiable and separate from other shellfish.
- ☐ My Food Safety Program records where on a lease the relayed stock has been placed. Records will be kept that detail if the relayed stock is moved.
- ☐ I agree to abide by the authorisation conditions set out.
- ☐ I acknowledge that the movement of shellfish outside these conditions can incur a penalty of \$20,000.
