

Citrus Industry Fund

2019-20 Annual Report

Introduction

The *Primary Industry Funding Schemes Act 1998* was established to provide South Australian primary industries with a legislative based ability to raise funds within their sector to fund projects and services for the benefit of their sector.

Section 4 of the Act allows the Governor to make regulations establishing a fund for a particular sector of primary industry. All existing regulations are administered by the Minister for Primary Industries and Regional Development.

This is the Citrus Industry Fund Annual Report for the year ended 30 June 2020, prepared under section 11 of the Act.

Overview

The Citrus Industry Fund is established by the *Primary Industries Funding Schemes (Citrus Growers Fund) Regulations 2017*.

The contribution rate for this fund is outlined in regulation 5 and are as follows:

Contribution rate	\$1.00 per tonne
-------------------	------------------

Contributors may seek a refund of their contributions as provided for in regulation 6.

The purposes for which the fund can be applied by the Minister are outlined in regulation 7.

Payments from the fund may be made to a body that, in the opinion of the Minister, represents citrus growers.

Operation of the fund

Primary Industries and Regions SA manages the operations of the fund on behalf of the Minister.

The fund management plan current for the year ended 30 June 2020 was prepared in accordance with section 9 of the Act. The plan was presented at a public meeting held on 21 August 2019 and was publicly available on the PIRSA website. It is attached to this report.

Two applications were received to the Fund. The application from Citrus SA was approved by the Minister.

Where requested, refunds of contributions were paid in accordance with regulation 6.

In accordance with regulation 7(c), the fund was also applied to administration expenses.

The fund accounts for the year ended 30 June 2020 have been audited by the Auditor General's Department. The audited financial statements and audit report are attached.

Introduction

The [Primary Industry Funding Schemes Act 1998](#) (the Act) was established to provide South Australian primary industries with a legislative instrument to raise funds within their sector to fund activities that support the sector.

Section 4 allows the Governor to make regulations to establish a fund for a particular primary industry sector.

The Minister for Primary Industries and Regional Development (the Minister) is the Administrator for all the funds, which ensures appropriate accountability for the application of funds for the benefit of those industries. Primary Industries and Regions SA (PIRSA) manages the operations of the funds for the Minister. The Minister is required to report annually to Parliament on the operation of each fund and its accounts.

The Citrus Growers Fund (the fund) is established by the [Primary Industry Funding Schemes \(Citrus Growers Fund\) Regulations 2017](#) (the regulations), which came into effect on 19 January 2018.

Contributions are payable at the rate prescribed in the regulations, which is \$1.00 per tonne of citrus fruit. Contributions are payable by the citrus grower, and are collected by the processor or packer as a deduction from the amount payable to the grower. Packers and processors are required to pay the contribution where they are also the grower. Growers who sell their citrus fruit direct are required to pay the contribution on their own behalf.

Contributions are to be remitted by the close of each quarter.

Contributors may seek a refund of their contributions. If a refund is paid to a contributor, they are deemed to be 'in default' and not entitled to receive direct benefits or services funded by payments from the fund.

Payments are made from the fund for purposes defined in regulation 7.

In accordance with section 9 of the Act, this management plan has been developed in consultation with the South Australian citrus industry. It covers a five-year period and must be updated annually, but may be updated at any time.

This management plan guides the operation of the fund and helps contributors understand how their contributions are to be used.

This management plan should be read in conjunction with the Act and regulations.

Estimate of contributions to the fund

The regulations require growers/producers of citrus to contribute to the fund.

The contribution rate for this fund is set in regulation 5(1)(a) and is \$1.00 per tonne of citrus.

The estimated contribution income for the most recent and the next five financial years is provided in Table 1 (below). Industry production estimates are derived from the *Australian Citrus National Crop Forecast*. While production estimates may provide a reasonable degree of accuracy for the current season, average production estimates are used in forward years.

Table 1 Estimated contributions

Financial year	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24
Contribution rate per tonne	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00	\$ 1.00
Estimated sales (tonnes)	183,412	185,000	185,000	185,000	185,000	185,000
Estimated income	\$183,412	\$185,000	\$185,000	\$185,000	\$185,000	\$185,000

Collection agents are required to remit contributions to PIRSA on a quarterly basis.

Collection agents that only deal in small quantities may seek the approval of the Minister to remit less frequently.

Investment of the fund

PIRSA administers the financial operations of the fund on behalf of the Minister in accordance with the regulations and the [*Public Finance and Audit Act 1987*](#).

Contributions are invested in a separate interest bearing account at the Department of Treasury and Finance. Interest is paid quarterly on monies held, and is treated as income to the fund in accordance with regulation 4(3)(c).

Application to the fund

Payments from the fund must be made in accordance with regulation 7:

7-Application of Fund

The Fund may be applied by the Minister for any of the following purposes:

- (a) payments to a body that, in the opinion of the Minister, represents citrus growers for 1 or more of the following purposes:
 - (i) the reasonable operating and management expenses of the body;
 - (ii) fees for affiliation of the body with regional, State or national citrus or horticulture industry bodies;
 - (iii) promoting the South Australian citrus industry, including through industry field days, conferences and other events;
 - (iv) the collection and dissemination to citrus growers of information relevant to the citrus industry;
 - (v) representation of citrus growers, or participation of the body, in regional, state or national citrus or horticulture industry forums;
 - (vi) programs designed to encourage communication and cooperation between citrus growers, citrus packers, citrus processors and persons marketing citrus fruit or citrus fruit products;
 - (vii) other purposes of the body;
- (b) payments for other purposes for the benefit of citrus growers;
- (c) payment of the expenses of administering the Fund;
- (d) repayment of contributions to the Fund under regulation 6.

Payments from the fund

Eligible organisations

An applicant organisation may be considered to be eligible to receive a payment from the fund if that organisation is *'a body that, in the opinion of the Minister, represents (South Australian) citrus growers'* (regulation 7(1)(a)).

Application submission

The Responsible Officer will invite eligible organisations to apply to the Minister for payment from the Fund.

The application should be in the form of a letter to the Minister which:

- confirms the organisation represents South Australian citrus growers
- requests a nominated payment from the fund
- attaches an operational plan, which includes for each activity:
 4. a brief description of the activity and its intended outcome
 5. alignment to a purpose outlined in regulation 7(a) (*see previous page*)
 6. the budgeted cost.

The proposed activities in the operational plan should so far as possible align with the national citrus strategic objectives, and may extend over multiple years. Collaborative projects are encouraged. Payments from the fund may be used as industry co-contribution for other grant programs.

To be eligible for consideration, applicants must ensure that they have completed all reporting requirements of any previous agreement with the Minister.

Application assessment

Applications will be assessed by the Responsible Officer and approved by the Minister. The Assessment criteria will be based on alignment with national priorities and best return on investment for Fund contributors. An applicant may be asked for additional information if required.

Application approval

Approval for payment from the fund to the eligible organisation is deemed to be an agreement with the Minister that the eligible organisation will undertake the activities outlined in the operational plan, and comply with any requirements in the regulations and this management plan.

The successful applicant will be required to sign and return an acknowledgement of these conditions, provided with the letter of approval from the Minister, prior to payment being made.

Once approved the approved operational plan should be posted on the fund recipient's website, so that it is publically available for contributors to view.

Payments terms

Payments from the fund to the eligible organisation may be made in accordance with the schedule in Table 3, and in line with any requirements placed on the agreement by the Minister.

The amount of any payment will not exceed the available balance of the fund at the time, less an amount which is considered sufficient to cover audit and administrative costs plus an allowance for any refunds to contributors.

Table 3 Proposed schedule for payments

	October	January	May
Percentage of total annual payment	33.4%	33.3%	33.3%

Reporting requirements

The fund recipient is to provide an annual report at the end of the financial year. The annual report should be aligned to the approved operational plan and should articulate activities undertaken and outcomes achieved. The annual report should also include a statement of acquittal to demonstrate that all moneys provided to the fund recipient were expended and/or committed. The report should also explain any deviations from the original submission, should this occur.

In addition to the above reports, the applicant organisation may be required to provide the following information under regulation 9(1):

- (a) a copy of the financial statements of the organisation and
- (b) a copy of the annual report of the organisation and
- (c) a copy of the business plan of the organisation
- (d) any other information reasonably required for the purposes of the fund.

Fund administration

Refunds

A citrus grower may, within a month following a financial year (July), make a claim for a refund in respect of contributions paid by the grower in the previous financial year (regulation 6).

A person claiming a refund is declared to be in default of the Fund and is not entitled to receive direct benefits or services funded by payments from the Fund (regulation 7).

In accordance with regulation 8, a citrus grower that has been refunded, or has not paid all contributions payable to the Fund at any time in the preceding two financial years is deemed to be 'in default'. They are then not entitled to receive benefits or services directly funded by payments from the Fund. The Minister may provide the fund recipient with information identifying citrus growers in default (regulation 9(2)).

Changing the contribution rate

The contribution rate is established in the regulations.

A change to the contribution rate may be initiated by the Minister or by industry, but can only be made following consultation with the industry.

Acceptable evidence of support for a variation to the contribution rate includes results of any contributor survey held for the purpose and any other consultation conducted with industry. The evidence must demonstrate a genuine attempt to engage with the majority of contributors.

The new contribution rate will be implemented at the start of the financial year or another appropriate point in the production cycle. Sufficient notice will be provided to the industry of the new rate.

Updating the management plan

Section 9 of the Act requires that this management plan is updated annually; that industry is consulted when preparing the management plan; that the revised plan is presented at a public meeting at least once per year; that it is available for public inspection; and that it may be updated at any time.

The updated management plan will be presented at a public meeting, which will be advertised and facilitated by PIRSA, and can be attended by all fund contributors. The management plan will then be posted on the PIRSA website to meet the requirements of section 9 (7) of the Act, in a manner permitted by section 51 of the [Acts Interpretation Act 1915](#), which provides for 'production of records kept by computer or other process.'

To the Minister for Primary Industries and Regional Development – Citrus Growers Fund

Qualified opinion

I have audited the financial report of the Minister for Primary Industries and Regional Development – Citrus Growers Fund (the fund) for the financial year ended 30 June 2020.

In my opinion, except for the effects of the possible matter described in the 'Basis for qualified opinion' section of my report, the accompanying financial report gives a true and fair view of the financial position of the Minister for Primary Industries and Regional Development – Citrus Growers Fund as at 30 June 2020, its financial performance and its cash flows for the year then ended in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards.

The financial report comprises:

- a Statement of Comprehensive Income for the year ended 30 June 2020
- a Statement of Financial Position as at 30 June 2020
- a Statement of Changes in Equity for the year ended 30 June 2020
- a Statement of Cash Flows for the year ended 30 June 2020
- notes, comprising significant accounting policies and other explanatory information
- a Certificate from the Chief Executive, Department of Primary Industries and Regions (the Chief Executive), signed for and on behalf of the Minister for Primary Industries and Regional Development (the Minister) and the Acting Chief Financial Officer, Department of Primary Industries and Regions.

Basis for qualified opinion

As referred to in note 2.1 to the financial statements, pursuant to regulation 5 of the Primary Industry Funding Schemes (Citrus Growers Fund) Regulations 2017, under the *Primary Industry Funding Schemes Act 1998*, contributions are required to be paid into the fund for each tonne of citrus fruit produced and sold by a citrus grower. While there are adequate internal controls over contributions actually received, there are no procedures in place to

ensure contributions received represent the actual tonnage of citrus fruit produced and sold for the period. Consequently, I am unable to express an opinion on whether income recognised as contributions from industry of \$168 984 (\$183 413) is complete.

I conducted the audit in accordance with the *Public Finance and Audit Act 1987* and Australian Auditing Standards. My responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of my report. I am independent of the Minister and the Department of Primary Industries and Regions which administers the fund on the Minister's behalf. The *Public Finance and Audit Act 1987* establishes the independence of the Auditor-General. In conducting the audit, the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* have been met.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Responsibilities of the Minister and the Chief Executive for the financial report

The Chief Executive is responsible for the preparation of the financial report that gives a true and fair view in accordance with relevant Treasurer's Instructions issued under the provisions of the *Public Finance and Audit Act 1987* and Australian Accounting Standards, and for such internal control as the Chief Executive determines is necessary to enable the preparation of the financial report that gives a true and fair view and that is free from material misstatement, whether due to fraud or error.

The Minister is responsible for overseeing the entity's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by section 31(1)(b) of the *Public Finance and Audit Act 1987*, I have audited the financial report of the Minister for Primary Industries and Regional Development – Citrus Growers Fund for the financial year ended 30 June 2020.

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Chief Executive
- evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

My report refers only to the financial report described above and does not provide assurance over the integrity of electronic publication by the entity on any website nor does it provide an opinion on other information which may have been hyperlinked to/from the report.

I communicate with the Chief Executive and the Minister about, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during the audit.

Andrew Richardson

Auditor-General

Development**

Citrus Growers Fund

Financial Statements

For the year ended 30 June 2020

Minister for Primary Industries and Regional Development – Citrus Growers Fund
Certification of Financial Statements
for the year ended 30 June 2020

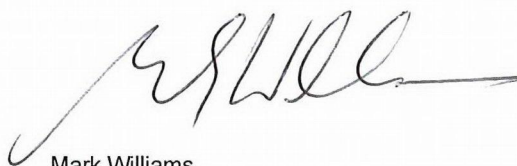

We certify that the attached general purpose financial statements for the Minister for Primary Industries and Regional Development – Citrus Growers Fund:

- comply with relevant Treasurer's Instructions issued under section 41 of the *Public Finance and Audit Act 1987*, and relevant Australian Accounting Standards
- are in accordance with the accounts and records of the Citrus Growers Fund
- present a true and fair view of the financial position of the Citrus Growers Fund as at 30 June 2020 and the results of its operation and cash flows for the financial year.

We certify that the internal controls employed by the Minister for Primary Industries and Regional Development – Citrus Growers Fund for the financial year over its financial reporting and its preparation of the general purpose financial statements have been effective throughout the reporting period.

Minister for Primary Industries and Regional Development – Citrus Growers Fund

Notes to and forming part of the financial statements

for the year ended 30 June 2020

1. About the Citrus Growers Fund

The Citrus Growers Fund (the Fund) is established pursuant to the *Primary Industry Funding Schemes (Citrus Growers Fund) Regulations 2017* (Regulations), administered by the Minister for Primary Industries and Regional Development and is controlled by the Crown. The Department of Primary Industries and Regions (PIRSA) provides administrative support services to the Fund.

1.1. Basis of preparation

The financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the *Public Finance and Audit Act 1987*; and
- relevant Australian Accounting Standards with reduced disclosure requirements.

For the 2019-20 financial statements the Fund adopted AASB 15 – *Revenue from Contracts with Customers* and AASB 1058 – *Income of Not-for-Profit Entities*. Further information is provided in note 7.

The financial statements are prepared based on a 12 month reporting period and presented in Australian currency. The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

The Fund has applied Australian Accounting Standards that are applicable to not-for-profit entities, as the Fund is a not-for-profit entity.

The Fund is not subject to Income Tax. The Fund is liable for Goods and Services Tax (GST). GST collections and payments are carried out by PIRSA on behalf of the Fund. GST in relation to the Fund is reported in the PIRSA Controlled Financial Statements.

1.2. Objectives of the Fund

The Fund was established by Regulations under the *Primary Industry Funding Schemes Act 1998* on 20 October 2005. These Regulations were revoked on 19 January 2018. New Regulations, *Primary Industry Funding Schemes (Citrus Growers Fund) Regulations 2017* were issued on 19 January 2018 with minimal changes.

The primary purposes of the Fund are to:

- provide services to growers
- promote the SA Citrus industry
- represent growers in regional, State or national citrus or horticulture industry forums
- encourage communication and cooperation between participants in the Citrus industry.

1.3. Impact of COVID-19 pandemic on the Fund

The COVID-19 pandemic has not had a material impact on the operations of the Fund in 2019-20.

Minister for Primary Industries and Regional Development – Citrus Growers Fund
Notes to and forming part of the financial statements
for the year ended 30 June 2020

2. Income

2.1. Contributions from industry

Contributions payable to the Minister for payment into the Fund are made pursuant to Regulation 5.

Contributions are recognised as an asset and income when the Fund obtains control of the contributions or obtains the right to receive the contributions and the income recognition criteria are met (that is, the amount can be reliably measured and the flow of resources is probable).

3. Board, committees and employees

3.1. Key management personnel

Key management personnel of the Fund includes the Minister for Primary Industries and Regional Development who has responsibility for the strategic direction and management of the Fund.

The Minister's remuneration and allowances are set by the *Parliamentary Remuneration Act 1990* and the Remuneration Tribunal of SA respectively and are payable from the Consolidated Account (via Department of Treasury and Finance) under section 6 of the *Parliamentary Remuneration Act 1990*.

Transactions with key management personnel and other related parties

There were no transactions with key management personnel and other related parties entered into by the Fund.

4. Expenses

4.1. Transfers to industry

	2020	2019
	\$	\$
Citrus South Australia ⁽¹⁾	150 000	-
Total transfers to industry	150 000	-

⁽¹⁾ \$20,000 was transferred to Biosecurity SA directly as the citrus industry contribution to the Riverland Fruit Fly Coordinator Project at the request of Citrus South Australia.

Regulations provide that the Fund may be applied for a number of specific purposes and that payments from the Fund may be made to an industry body established to represent its membership. The amounts transferred enable projects and activities to be delivered by the industry to meet its management plan.

For transfers payable, the payments will be recognised as a liability and expense when the Fund has a present obligation to pay the transfer and the expense recognition criteria are met.

All payments from the Fund are made in accordance with the Fund's Regulations and the management plan developed in consultation with the industry.

The change in the industry structure was finalised in 2019-20 and payment was made in accordance with the Fund's Regulations.

Minister for Primary Industries and Regional Development – Citrus Growers Fund
Notes to and forming part of the financial statements
for the year ended 30 June 2020

4.2. Supplies and services

	2020	2019
	\$	\$
Administrative and operating costs ⁽¹⁾	3 489	3 761
Total supplies and services	3 489	3 761

⁽¹⁾ Includes fees for administration and preparation of the financial statements.

5. Financial assets

5.1. Cash and cash equivalents

Cash in the Statement of Financial Position comprises deposits at call with the Department of Treasury and Finance.

5.2. Receivables

	2020	2019
	\$	\$
Accrued interest - Department of Treasury and Finance	25	293
Receivables – Contributions from Industry	35 311	-
Total receivables	35 336	293

6. Liabilities

6.1. Payables

	2020	2019
	\$	\$
Audit fee payable to the Auditor-General's Department	7 300	7 100
Other payables	550	540
Total payables	7 850	7 640

Goods and services provided and unpaid at the end of the reporting period are recognised as other payables.

All payables are measured at their nominal amount, are unsecured and are normally settled within 30 days from the date of the invoice or date the invoice is first received.

Minister for Primary Industries and Regional Development – Citrus Growers Fund
Notes to and forming part of the financial statements
for the year ended 30 June 2020

7. Changes in accounting policy

7.1. AASB 15 Revenue from Contracts with Customers

AASB 15 *Revenue from Contracts with Customers* establishes a revenue recognition model for revenue arising from contracts with customers. It requires that revenue be recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

AASB 15 supersedes AASB 111 *Construction contracts*, AASB 118 *Revenue* and related Interpretations and applies to all revenue arising from contracts with customers.

AASB 15 *Revenue from Contracts with Customers* requirements are effective for annual reporting periods beginning on or after 1 January 2019.

Impact on retained earnings

The Fund does not have any contract with customers to be recognised under AASB 15, therefore there is no impact on retained earnings.

7.2. AASB 1058 Income of Not-for-Profit Entities

AASB 1058 *Income of Not-for-Profit Entities* establishes new income recognition requirements for not-for-profit entities. Its requirements apply where the consideration to acquire an asset, including cash, is significantly less than fair value principally to the entity to further its objectives. AASB 1058 also contains requirements for the receipt of volunteer services. AASB 1058 supersedes income recognition requirements in AASB 1004 *Contributions*, AASB 118 *Revenue* and AASB 111 *Construction Contracts*. However, elements of AASB 1004 remain in place, primarily in relation to restructures of administrative arrangements and other contributions and distributions by owners

By adopting AASB 1058, the Fund recognises contributions as revenue when information becomes available to the Fund regarding contributions due for the prescribed period. The corresponding asset is a statutory receivable under AASB 9.

Previously the fund recognised revenue when contributions were received.

Impact on retained earnings

The total impact on the Fund's retained earnings as at 1 July 2019 is as follows

	\$
Closing retained earnings 30 June 2019	255 361
<u>Assets</u>	
Receivables – Contributions from Industry	40 374
Opening retained earnings 1 July 2019	295 735

Accounting policies on transition

The Fund has adopted AASB 1058 on 1 July 2019. The *Treasurer's Instructions (Accounting Policy Statements)* require certain choices in those transitional provisions to be taken. The Fund has on transition recognised the cumulative effect of initially applying AASB 1058 as an adjustment to the opening balance of retained earnings as at 1 July 2019. As a result, comparative information has not been restated.

7.3. Effects on financial statements from AASB 15 and AASB 1058

The following tables show the effects of adopting AASB 15 and AASB 1058 on the Fund's financial statements for the year ending 30 June 2020.

Statement of Comprehensive Income

For the year ended 30 June 2020

		As reported	Adjustments AASB 15	Adjustments AASB 1058	Balances without adoption of AASB 15 & 1058
	Note	\$	\$	\$	\$
Contributions from Industry	2.1	168 984	-	(5 063)	174 047
Total income		168 984	-	(5 063)	174 047

Statement of Financial Position

As at 30 June 2020

		As reported	Adjustments AASB 15	Adjustments AASB 1058	Balances without adoption of AASB 15 & 1058
	Note	\$	\$	\$	\$
Receivables – Contributions from Industry	5.2	35 311	-	35 311	-
Total assets		35 311	-	35 311	-

Minister for Primary Industries and Regional Development – Citrus Growers Fund
Notes to and forming part of the financial statements
for the year ended 30 June 2020

8. Outlook

8.1. Contingent liabilities

Refunds of contributions

Under Regulation 6(1) a citrus grower may, by notice in writing to the Minister, within the month following a financial year in respect of which contributions have been paid by or on behalf of the citrus grower, make a claim for a refund in respect of those contributions.

At the reporting date the possible emergence of valid refund requests within the following one month period is present. However, as uncertainty exists as to the number of refund requests that will be received, and their timing and amount, these potential obligations cannot be reliably estimated and therefore represent a contingent liability for the Fund.

Once a valid refund request has been received from a past contributor and it is approved by the Minister or delegate, a present obligation to pay the refund arises. The refund amount is then recognised as a liability and expense of the Fund.

8.2. COVID-19 pandemic outlook for the Fund

The COVID-19 pandemic is not expected to have a material impact on the operations of the Fund in 2020-21.

8.3. Events after the reporting period

No events have occurred after balance date that would affect the financial statements of the Fund as at 30 June 2020.

9. Measurement and risk

9.1. Financial instruments

Liquidity risk

The Fund's revenue comes from contributions received from industry members at rates prescribed in the Regulations for the Fund. All payments from the Fund are made in accordance with the Fund's Regulations and the management plan developed in consultation with the industry.

The continued existence of the Fund in its present form, and with its present programs, is dependent on State Government policy and the industry's on-going support for the Fund.
