

RESTRICTIONS TO RECREATIONAL FISHING GEAR

- A wire trace; or
- Monofilament trace exceeding 1mm in diameter; or
- A fishing hook size exceeding 56mm in length; or
- A fishing hook with a gape exceeding 23mm; or
- A combination or gang of hooks that are joined by threading the point of one through the eye of another

The above gear restrictions apply daily between 5am and 9pm, 7 days a week in the waters and adjacent foreshore areas contained within the area from the southern Outer Harbor breakwater (34° 46' 59.00" South, 138° 28' 40.45" East) to Lady Bay Shacks, south of Normanville (35° 28' 30.82" South, 138° 17' 05.26" East) from Mean High Water Springs to a distance of 500 metres seaward
